

UV varnishes

XCURA Drip off Flexo varnish

Application	XCURA Drip off Flexo varnish is a foil stampable high gloss low slip lacquer that has been specifically designed for low energy and LED curing systems. XCURA Drip off Flexo varnish is used in conjunction and to over-coat XCURA drip off Base Litho Varnish VW21-001S-XSBJ in-line to create a reticulation matt / gloss contrast effect. This simple combination application offers a robust and flexible matt / gloss differential, which can be used for very fine detailed images and designs.		
Characteristics	Features	Advantages	Benefits
	<ul style="list-style-type: none">• High gloss• Low slip• Foil stampable	Works with: HUV, HR, LE, LED	<ul style="list-style-type: none">• Non yellowing• Excellent surface cure and hardness
Technical details	Appearance: Viscosity: Adhesion: Solid content: S.G. specific gravity: pH: Gloss (60° angle – 4 Micron film weight):	Opaque Pale Amber Liquid 60-80 secs (DIN 4 at 25°C) Excellent 100 % 1.15 7.8 85-90	
Storage	Shelf life unopened: 12 months UV varnishes must be maintained at a temperature of 15-20 °C. Storing at a lower temperature will prolong the shelf life further. UV varnishes should not be exposed to direct sunlight. If possible store in a dark area.		
Application / processing tips	Stir well before use to ensure optimal performance.		
Remarks + special information	Not for use on food packaging without functional barrier.
